

Servus Tech Enthusiasts, nice to e-meet you! 🙌

You are looking at the job offer for: **Senior Software Engineer / PHP Developer**

👤 WHO we are and why do we care

MAVOCO is committed to innovation as a leader in Connectivity Management Platforms. We see the foundation of any digital business models as subscription management and the transformation of connected sensor events into billing to customers.

Our story started in May 2015 with our founders, Anton Cabrespina and Helmut Lehner in an apartment in Eisenstadt, Austria. Since then, we've grown to a powerful and diverse team of almost 100 people who represent more than 15 nationalities. 📖 🔗 👤 🧑

Mavocans are based in 5 countries 🌐: Austria (Vienna, Eisenstadt, Klagenfurt), Poland (Warsaw, Lublin), Barcelona, Bratislava and the UK.

Headquartered in Vienna 🇦🇹, we're proud to aim to become one of Austria's unicorns 🦄 and one of the fastest-growing companies in the country. Our revolutionary, proprietary CMP Platform, developed in-house and refined over a decade is one of the fastest growing systems in this industry. Our technology and smart thinking 💡 is proven to accelerate growth and lead us to success. MAVOCO is driven by the best digital thinkers and engineers in the industry. Our products are built by fast-reacting, talented, hands on, helpful kind of People. If you're Someone who thinks out of the box, like dynamic working pace, like constant change, act fast and wants to make an impact in IoT world, then get ready to join our colleagues 👤 👤 Don't wait, send your resume to us! 📧
